

Weekly Check in

Team 4 – Project: Resilient and Secure Network Server

Week 3

9/14/26-9/18/26

Merric Anderson, Jack Fennell, Jocelyn Lee, Everett Patterson, Jonathan Salvato

Progress This Week

This week we met with our sponsor/customer Dr. Austen to discuss the details of the project, covering the deliverables, the scale, the environment, and some finer details of the project. Individually we did some research on the different parts of the project then met up as team to discuss our findings, covering the basics of the project to our understanding.

Blockers/Issues

Nothing to say right now. :)

Plan for Next Week

Next week, we plan on going deeper with our research on the different portions of this project, documenting what we need for each portion including how it works, potential parts, limitations, and/or special considerations. We would also like to establish more definite team roles going forward.
